

Welcome to Discover's Family Newsletter

You are receiving this because your child has visited Discover with their school. We really hope they enjoyed their visit and have come home full of stories to tell. You'll be pleased to hear that they had a great time with the rest of their class and they have successfully completed their story mission.

Hello Earth Families!
I'm Hootah, Discover's baby space monster. I came from the planet Squiggly Diggly to gather new stories from the children of earth. I would like to thank your child for the brilliant new story they created for me today!

To help them make up their stories they dressed-up, explored and played in our Story Trail visited a secret cave, travelled over a sparkly river, climbed a tower and met a dragon.

Discover isn't only for schools. If you have children aged 0-11, I would love to meet them at the weekend or in the school holidays.

Discover is open to families all year round. You can enjoy our exhibition for families **Once There Was...The Wonderful World of Oliver Jeffers** where children can explore and play in the fantastic worlds of picture books *Up and Down*, *Lost and Found*, *The Way Back Home* and *How to Catch a Star*.

Coming soon... Discover's London Children's Book Swap (Sat 14 Feb) which will be a chance to visit Discover for FREE and swap your old story books for new ones. And then in March we have **Anthony Browne's The Big Write** (7 & 8 March) with picture book authors, illustrators, music, spoken word, visual and performance artists for a celebration of storytelling with **Anthony Browne, Mini Grey Hanne Bartholin and Alexis Deacon**.

Events are pre-bookable by calling 020 8536 5555, Mon - Fri, 10am - 5pm. See www.discover.org.uk for details. Discover is open Tues - Fri 10am - 5pm, Saturday and Sunday 11am - 5pm and every day during the school holidays.

I look forward to seeing you soon!
