3 September 2020

Dear Families

All staff are back at school and are very much looking forward to seeing everyone back next week.

By now we know you are all getting ready for your return to school. We appreciate you may have many questions, concerns and queries around the transition weeks back into school, including new routines and changes made to support a safe return for us all. School Governors are meeting tomorrow to review, share and agree our latest risk assessment. The reviewed document will then be shared with you.

We have had a number of queries regarding breakfast club and afterschool club provision. It is very important that we are able to settle all the children and adults into the core school day safely before scaling up to include the extended day. Both breakfast and after school club may involve children from different bubbles being together. It is important that we are able to confidently manage children and staff working across bubbles, and to be sure we have appropriate and safe measures in place. Over the coming weeks we will be contacting families who would like to use these provisions. We plan to open the provision as soon as it is safe to do so and appreciate your support and understanding with this. The safeguarding of the whole school community is always our first priority.

This term children will be provided with a packed lunch – please keep an eye out for the text link to the 2-week menu plan on our website. Remember if your child brings their own lunch it must be a healthy lunch and come in a single named container. Please do not include crisps, chocolate, sweets or any type of drink or drink container. All children have been given a water bottle. It is their own labelled bottle which is not shared with anyone and can be refilled at any time in classrooms and at the water stations across the school.

Finally, if you believe you are eligible for key worker provision on a Friday afternoon please complete the survey that will be sent to you.

Many of you may have already spoken with teachers and/or support staff. They will be able to answer any questions or queries you may have or let you know who the best person to contact is should you need further information.

We are very much looking forward to welcoming you all back on Monday. Please make sure you are on time and at the correct gate! Enjoy the rest of your holiday.

Best Wishes

Michelle Bahn
